Where is Transat stock traded?

Transat stock is traded on the Toronto Stock Exchange (TSX) under the ticker symbol TRZ.

Where can I find information about the Transat stock quotes?

Current and historical share prices are available on our website (further information is available in the Share information section). This information is also available on the [TSX site](#).

How many outstanding shares does Transat have?

As of April 30, 2017, there were a total of 36,969,720 common shares issued and outstanding – 2,470,014 Class A shares and 34,499,706 Class B shares.

Pursuant to the Canada Transportation Act, Air Transat A.T. Inc., a wholly owned subsidiary of Transat A.T. Inc., must at all times be in a position to establish that it is “Canadian” within the meaning of this act in order to hold the licences necessary to operate an air carrier service.

Because Transat A.T. Inc. wholly owns Air Transat A.T. Inc., qualifies as “Canadian.” Currently, we must ensure that no more than 25% of voting interests attaching to our shares are owned or controlled by non-Canadians.

Class A variable voting shares can be owned or controlled only by people who are not Canadian.

If the number of Class A variable voting shares issued and outstanding exceeds 25% of all shares issued and outstanding, or if the total number of votes cast by, or on behalf of, holders of Class A variable voting shares at any meeting exceeds 25%, the vote attached to each Class A variable voting share will decrease automatically without further act or formality.

Each Class A variable voting share issued and outstanding shall be automatically converted into one Class B voting share without any further intervention on the part of Transat A.T. Inc. or the holder, if i) the variable voting share is or becomes owned or controlled by a Canadian, or ii) the provisions contained in the Canada Transportation Act relating to foreign ownership restrictions are repealed and not replaced with other similar provisions.

Class B voting shares can be owned or controlled only by Canadians.

Each Class B voting share issued and outstanding shall be converted automatically into a Class A variable voting share without any further intervention on the part of Transat or the holder if such voting share is, or becomes, owned or controlled by a person other than a Canadian.
